

Buffalo Road Investment LLC – Full Property Annexation Plan – #2022-45

Town of Mount Airy

8/29/2022

Re: Request for Annexation – 2022-45 - Buffalo Road Investments LLC / Full property:

Background:

According to Section 44-4 of the Mount Airy Town Code, when the Town Council formerly introduces an annexation petition, the Town Council shall refer the petition to the Planning Commission for study and recommendations. It has been the practice of the Planning Commission to review the petition for the appropriateness of the proposed zoning and the petition's consistency with the Comprehensive Plan.

The Town Council introduced an annexation petition for approximately 8.3 acres on Buffalo Road from Buffalo Road Investment LLC. The petition affirms the basic qualifications of a legal annexation and proposes that the land is annexed into the Town and be zoned Residential R2.

Our review of the annexation petition indicates that the proposed zoning for the parcel is consistent with the Master Plan and is an appropriate land use for the site. The parcel itself is included in a future annexation area identified in the Master Plan and is located within the ultimate Town boundary.

Discussion:

The subject property is approximately 8.3 acres. Exhibit B, attached to the annexation petition, provides a basic plat of the parcel which shows one existing structure and one access point to Buffalo Road. The contour lines of the map show the land sloping gradually to the southwest with a slight impression of a drainage area in the center of the property. The map does not indicate the location of any environmentally sensitive areas. The parcel is located adjacent to the Summit Ridge Ball Field and at a curve in Buffalo Road where it adjoins Frederick County. The parcel is designated Long Range in the Sewer Service Area map, and this will need to be amended to a prior sewer service area if annexation is approved. The public water line runs up to Scotch Heather Avenue, indicating an extension of a water line could be accomplished along Buffalo Road.

The proposed R2 District zoning, intended for low-density residential neighborhoods with certain other compatible land uses, would permit a maximum of two homes per developable acre, or a total of 16 potential homes to be constructed on the parcel.

The 2013 Master Plan identifies the property as one of the areas intended for future Town annexation, and the parcel is within the ultimate Town boundary identified in the 1994, 2003, and 2013 Master Plans. The Plan recommends a low-density residential land use for the area. Since the parcel currently borders a recreational area, this land use would appear to be the most appropriate land use.

As mentioned earlier, it has been the practice of the Planning Commission to confine its study and recommendations to the issues of an appropriate zoning designation and compatibility with the Master Plan. However, a discussion of additional concerns during the annexation petition process may lead to an expedited and more satisfactory resolution of these issues. If further information was required during the annexation process, the Planning Commission might have the ability to address these concerns at the early stages of the development review process and ensure that the proposed development is compatible with existing development, reinforces goals outlined in the Comprehensive Plan, and that land is developed in its most desirable form.

The Master Plan includes several recommendations for land development that may be relevant to this site. The Master Plan recommends:

- Land development that complements and provide connections to existing land uses. There is an emphasis in the Plan on providing road and sidewalk connections between neighborhoods to foster cohesiveness and avoid creating isolated and disconnected uses.
- Site design that conforms to environmental constraints.
- The construction of transportation enhancements and a bikeway along Buffalo Road.

A brief analysis of the allowable R2 residential development of the parcel reveals that the 9 potential homes would produce about 90 vehicle trips per day; generate about 4 elementary, 3 middle, and 3 high school students; require 2,500 gallons per day of water plant and wastewater treatment plant capacity; and place additional burdens on the systems for providing fire and rescue, police, and garbage collection services. These figures only provide a theoretical estimate.

A review of the parcel location and applicable Town goals reveals other areas of concern. These areas of concern include:

- The need for development sensitive to its location as a well recharge area;
- The impact of the proposed development on Town water, sewer, and road capacity;
- The ability to directly access the Summit Ridge Ball Field through a non-vehicular pathway;
- Potential contribution or land dedication to supporting the creation of the bikeway along Buffalo Road, as identified in the Master Plan;
- The extent of property owner involvement in the transportation enhancements along Buffalo Road envisioned by the Master Plan;
- The impact on Buffalo Road from the proposed access point(s) to the development; and
- The ability of the proposed development to provide connections to existing or potential adjoining development.

With the submission of a development plan accompanying the annexation petition, the Planning Commission could determine some of the impacts and gain a better understanding regarding the broader implications of annexing the parcel.

Recommendation:

We recommend that the Planning Commission offer a favorable recommendation to the Town Council regarding the Buffalo Road Investments LLC/Full Property annexation petition with the condition that the petitioners successfully resolve the outstanding areas of concern outlined in this memorandum to the satisfaction of the Town Planner; which may necessitate the creation of a development plan.

Re: Proposed Annexation of 8.3360 acres of land, more or less, situated along the northerly and easterly sides of Buffalo Road in the 13th Election District, Carroll County, more particularly described in the Petition for Annexation

Dear Mayor Hushour and President of the Council Poirier:

I write in reference to the above-captioned Annexation Petition ("the Petition") to advise that the petition meets the legal requirements for annexation under the Md. Local Gov't Article of the Maryland Code ("LG"), §4-401.

The tax records show that the property at issue is owned by Buffalo Road Investment, LLC, the Petitioner for Annexation here. The property is unimproved. Therefore, no one resides in the area to be annexed. Consequently, the Petition meets the requirements for signature by not less than 25% of the persons who reside in the area to be annexed who are registered voters in county elections in the precinct(s) in which the area to be annexed is located, and by the owners of not less than 25% of the assessed valuation of the real property located in the area to be annexed, again pursuant to the Local Government Article of the Maryland Code §4-404.

I have also been able to determine that the Annexation Petition meets the other requirements for Annexation Petitions as set forth in the LG, §§4-401, *et seq.* of the Maryland Code and Chapter 44 of the Town Code, including that the property that the petition proposes to be annexed is contiguous with the Town boundary and will not create an enclave.

I therefore enclose a Verification form for you to sign on June 6, 2022, at the regular Town Council meeting at which, to my understanding, the Annexation Resolution, which I have likewise prepared and attach, will be introduced.¹

Should you have any questions, please do not hesitate to ask.

Very truly yours,

¹ I noticed that in past annexations, going back to before my time, the practice has been for the Mayor to sign the Verification, no doubt because Town Staff plays in integral role in the verification process and because the Town Code, §44-3 requires the Town Attorney to ultimately take responsibility for the verification as to the legal requirements for the petition. But, LG, §4-404(b) actually requires that the "presiding officer of the legislative body" make verification as to the signatures and the requirements under §4-404(a). So, I have prepared the Verification to be signed by both the Mayor and Council President this time.

VERIFICATION

WE HEREBY CERTIFY, that we have caused to be verified, by means of inquiry by the Town Attorney and/or Town Staff upon the Carroll County Board of Elections and/or by means of a search of the applicable tax records kept by the State Department of Assessments and Taxation, that pursuant to Section 4-404 of the Local Government Article of the Maryland Code ("LG"), the Petition reflects the consent for the proposed annexation from not less than twenty-five percent (25%) of the persons who own real property in the area to be annexed and who are eligible to vote in a referendum on this annexation, and from the owners of at least twenty-five percent (25%) of the assessed valuation of the real property located in the area to be annexed.

6. Subject to all appropriate laws and administrative requirements, the Property, upon the Effective Date of the annexation as set forth below, shall be zoned as R-2 zoning classification.
7. All those terms and conditions set forth in the Annexation Agreement attached hereto as Resolution Exhibit 2, incorporated by reference and made a part hereof as though fully set forth herein.

MAYOR AND COUNCIL OF THE TOWN OF MOUNT AIRY MARYLAND
PETITION FOR ANNEXATION AND ZONING

Emmitt Full, President of Buffalo Road Investment, LLC (hereafter "Petitioner") pursuant to Local Government Article, Title 4, Subtitle 4 of the Annotated Code of Maryland and Chapter 112 (Zoning), Article IX (Amendments) of the Code of the Town of Mount Airy, Maryland, respectfully petitions the Mayor and Council of the Town of Mount Airy to annex the within described property owned by Petitioners into the corporate boundaries of the Town of Mount Airy and to zone the property annexed within the requested zoning districts of the Town of Mount Airy. In support of this petition, it states as follows:

1. Petitioners is the owner of a parcel of land comprising 8.3360 acres, more or less, located along the northeastern side of Buffalo Road in the Mount Airy Election District, Carroll County, Maryland (the "Property"), all as more particularly described in the legal description attached hereto and made a part hereof as Exhibit "A" and as depicted on the Plat of Annexation attached hereto and made a part hereof as Exhibit "B". The Property is the subject of this Petition for Annexation.
2. Petitioners certify that the Property is contiguous and adjoining to the existing corporate area of the Town of Mount Airy.
3. Petitioners certify that annexation of the Property will not create any unincorporated area bounded on all sides by real property presently within the corporate limits of the Town of Mount Airy.
4. Petitioners certify that the entire Property is solely owned by Petitioners and that Petitioners therefore own not less than 25% of the assessed valuation of real property located in the area to be annexed. Accordingly, the Petitioners as Owners have signed this Petition per Annotated Code of Maryland; Local Gov't Art.; §4-404(a). The Property is currently vacant and not used for residential purposes and therefore there are no registered voters residing in the area to be annexed as provided in Annotated Code of Maryland; Local Gov't Art.; §4-404(a).
5. The properties immediately east of the Property are within the corporate boundaries of the Town of Mount Airy, and annexation of the property will provide a uniform corporate boundary for the Town of Mount Airy.
6. The Property classified as "Low Density Residential" use in the 2012 Carroll County 2014 Master Plan. It is presently zoned "R-40,000" under the Carroll County Code of Ordinances. Petitioners request that the entire property to be annexed be classified to the "R-2" zoning district in the Town of Mount Airy as a condition of annexation (by a resolution of annexation by the Mayor and Council) as depicted on the Plat of Annexation attached hereto as Exhibit "B". The "R-2" district in the Town of Mount Airy will permit a land use in conformity with the zoning districts in the neighborhood. The "R-2" district in the Town of Mount Airy will permit a land use appropriate to the needs of the community. The Property is included in the Growth Area Boundary with a "Low Density Residential" Land Use as part of the Town of Mount

Airy 2013 Comprehensive Town Master Plan and within the Proposed Growth Area Boundary as shown on the Town of Mount Airy 2013 Comprehensive Town Master Plan. Accordingly, the resolution of annexation may establish the Town of Mount Airy "R-2" District of the Property pursuant to Local Gov't Art.; §4-416 of the Annotated Code of Maryland.

7. In support of this Petition, Petitioner submits the following exhibits:

- | | |
|-------------|---|

WHEREFORE, Petitioners respectfully request the Mayor and Council of the Town of Mount Airy.

A. To annex the area within the boundaries of the Mount Airy District of Carroll County, more particularly described by the description of Jeffrey W. Elkins of VANMAR Associates, Inc., dated February 11, 2021, and attached hereto as Exhibit "A".

B. To establish, pursuant to the Code of the Town of Mount Airy, relating to zoning maps and districts, on the zoning map of the Town of Mount Airy, the "R-2" zoning district for the entire property sought to be annexed by this Petition as those district boundaries are represented on the Plat of Annexation of the Property, attached hereto as Exhibit "B".

C. To file and support a request for approval with the County Commissioners of County to permit the "R-2" zoning district zoning classification requested herein to be implemented at the time of annexation as set forth in Annotated Code of Maryland; Local Gov't Art.; 54-416,

D. To grant an abatement of real property taxes imposed by the Town of Mount Airy after annexation so that the municipal tax rate applied to any given parcel now existing shall be free of the full Town tax rate, as the same may change from time to time, for a period of ten (10) years from the date of annexation or until such earlier time as public water and sewer connections (unaffected by moratoria) are available to the individual tax parcel in question.

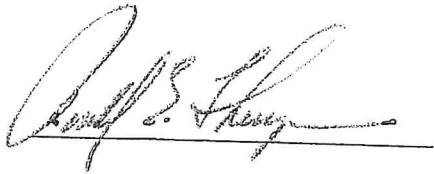

E. To initiate and support a proposed outline for the extension of services and public facilities into the hereinafter described area proposed for annexation as provided in Annotated Code of Maryland; Local Gov't Art.; §4-501, including any amendments to the Town of Mount Airy and/or Carroll County water and sewer master plans to bring the property to be annexed into
